

Artemis Life Medicine

DR. NEHA DIDWANIYA

BY ASH MALLECK · PHYSICIANLABS

A few quick wins to get more of the right patients in the door

JULY 2026

Neha — congratulations again on the launch. I went through your site the way a prospective patient would, and honestly it's one of the clearer direct-primary-care sites I've seen. A few small, high-leverage things stood out that could turn more visitors into booked Meet & Greet.

WHAT'S ALREADY WORKING

- ✓ Sharp positioning
- ✓ Transparent pricing
- ✓ Free Meet & Greet front door
- ✓ Strong menopause niche
- ✓ Thorough, clear FAQ
- ✓ Clean on mobile

THREE QUICK WINS

1 Turn your analytics on — you can't see your own traffic

Google Analytics is installed but was never switched on. Right now, every marketing decision is a guess.

THE FIX ~20 minutes to activate it and log each booking — so you see which channels actually bring patients.

2 Give researchers a way to stay in touch

Menopause patients often research for **weeks**. Anyone not ready to book today leaves with no way to reconnect.

THE FIX A simple email capture recovers the slow deciders instead of losing them.

3 Put a price on the homepage

Your pricing is transparent — but it's one click in. A "**from \$200/mo**" line lets visitors self-qualify before booking.

THE FIX Fewer, better-fit Meet & Greet — protecting your scarcest resource: time.

Happy to walk through any of these in our **August chat** — or just take them and run. Either way, rooting hard for Artemis. — Ash
