

ASK #1 — THE CLOSE (READ HIM THE ACTUAL WORDS)

“Here’s the exact sentence I use to ask for the **\$1,000** — *[read it]*. What would you say instead?”

ASK #2 — URGENCY

“Why would a doctor pay me **this month** instead of ‘someday’? What am I missing?”

THE CLOSE (SAY THIS)

Independent physicians lose **\$200K+** in their first years to tax mistakes, revenue leakage & overhead they never see — **1 in 9** claims denied is 5–11% written off. For **\$1,000** I run a 90-min audit + report in a week showing where the money goes. Find less than **\$20K** recoverable, full refund — you risk 90 minutes. **Can we run yours this week?**
